[RUSH] Message: Please supply a corrected claim index		
A new claim index (IIFW) was submitted on 02/16/11 to correct a claim numbering error but the new claim index is now missing claims 10, 11, 21, 22, 32 and 33 in the original column and claims 9, 10, 16, 22 and 23 in the final numbering column.		
Thank You TW
